Dear Ms. Prosen:

The U.S. Environmental Protection Agency and our federal partners, on the Interagency Working Group on Environmental Justice (IWG), have completed the review of the proposals submitted under the Request for Nominations for IWG Environmental Justice Revitalization Projects. We are pleased to inform you that the ***Waukegan Cleanup and Revitalization Plan Project*** has been selected as one of the fifteen IWG Environmental Justice Revitalization Projects. We look forward to working with you since it is our hope that collaborative partnerships will become a common practice of government and all other stakeholders as an effective tool for addressing environmental justice concerns.

Please find attached the list and description of the other projects selected. If you have any questions, please feel free to contact Daniel Gogal, Program Manager, Interagency Working Group on Environmental Justice at (202) 564-2576, or at Gogal.Danny@epa.gov.

Sincerely,

Charles Lee
Chair, Interagency Working Group on Environmental Justice
